PROFESSIONAL EXPERIENCE

Web Developer, Sté Fathi Ben Slimene **sept 2024 - present**

- Developed a fully tailored e-commerce platform from A to Z, featuring complex data schemas, mailing systems, web scraping automation, and multi-level user roles.
- Deployed on a bare-metal VPS with advanced Nginx configurations for performance and security.
- Implemented a lightweight CI/CD pipeline using bash scripting for automated pulls, migrations, and updates.
- Built a reactive, serverless Vue.js website for the company branch presentation and advertisement, deployed on Vercel.

Web Developer, ATGT Tunisie **Feb 2024 - Juin 2024**

- Developed a blog platform using Wagtail CMS for my final year project, which sparked my passion for Django and web development.
- Gained hands-on experience with deploying applications on Virtual Private Servers.

Personal Projects & Exploration

- Actively experiment with various technologies, including Electron.js, building small apps and tools. Created several portfolio projects for friends and personal use to expand my skills beyond professional experience.
