RAYEN BEN AMOR

WEB DEVELOPER

Tunisia, Nabeul | benamor.rayen@protonmail.com | https://github.com/rynBenAmor | https://rayen-ben-amor.vercel.app/

SUMMARY

I'm a web developer who enjoys building practical, reliable applications with Django and modern JavaScript frameworks like Vue.js and React. I focus on writing clean, efficient code, automating repetitive tasks, and turning ideas into tools that actually get used. I like environments where learning, collaboration, and good engineering habits matter.

TECHNICAL SKILLS

Django	HTML/CSS/JS	NGINX
Rest API	Vue.js	Linux
Python	Electron.js	GitHub
SQL	React	VPS deployment

PROFESSIONAL EXPERIENCE

Web Developer and IT Support Specialist, Sté Fathi Ben Slimene   **Sept 2024 - present**

- Built a feature-rich web platform with role-based access, automated mailing, and content management.
- Automated deployments with a Bash-based CI/CD pipeline, cutting downtime.
- Secured and optimized a VPS using NGINX for faster load times.
- Supported daily operations by resolving technical issues and improving work

Web Developer, Artiplast   **Feb 2025**

- Built a sleek static showroom that let clients easily browse and share product information, strengthening the company's digital presence and supporting early sales growth.

Web Developer (intern), ATGT Tunisie   **Feb 2024 - June 2024**

- Developed and deployed a blog platform using Wagtail CMS as a final-year project, which solidified interest in Django and full-stack development.

PERSONAL DEVELOPMENT

Movie Explorer (Next.js / React)

- Developing a responsive web app using Next.js, React, Tailwind CSS, and The Movie DB API to explore, filter, and display trending films with a sleek modern interface.

Finance Utility App (electron.js)

- Built a third-party finance utility application to fix and improve interactions/accessibility in a government website

EDUCATION

Faculté des sciences Tunis (FST), ICT degree   **2021 - 2024**

Graduated with near-excellent grades with a bachelor's degree in Information technology and Communication
